# Seda Yeler

*Software Engineer*

sedaayeler@gmail.com | +90 531 734 02 22 | linkedin.com/in/sedayeler | github.com/sedayeler

## Education

| | |
|---|---|
| **Eskişehir Teknik Üniversitesi** | **2020 - 2025** |
| *B.Sc. in Computer Engineering (100% English)* | |

## Experience

**Doğuş Teknoloji** – *Software Developer* — Jul 2025 - Present

- Contributed to the backend development of the Hybee mobile application using C# and ASP.NET Core.
- Worked collaboratively in an Agile team environment, utilizing Azure DevOps for task tracking, version control, and CI/CD processes.
- Developed an AI agent using Python and LangChain that analyzed GitHub issues and resolved build and bug problems, improving debugging efficiency.
- Developed an LLM-based unit test generation agent, contributing to improved software quality and testing processes.

**Eskişehir Teknik Üniversitesi Bilgi İşlem Daire Başkanlığı** – *Software Developer* — Oct 2024 - Jan 2025

- Developed an online examination system for the university with my teammates using C# and ASP.NET Core MVC, utilizing Jira for project management and Bitbucket for version control.

**Piton Technology** – *Backend Developer Intern* — Aug 2024 - Sep 2024

- Developed a banking application using C# and ASP.NET Core Web API, implementing and optimizing core banking features.

**Mergen Yazılım** – *Backend Developer Intern* — Jul 2024 - Aug 2024

- Worked on the backend of a team project developed with Java, Spring Boot, and Angular, contributing to the implementation of scalable and maintainable web services.

## Technical Skills

**Programming Languages:** Java, C#, HTML5, CSS3, SQL

**Frameworks and Technologies:** Spring Boot, Maven, Hibernate, Windows Forms, .NET Core, ASP.NET Core, Entity Framework Core, SignalR, RabbitMQ, Redis, xUnit

**Databases:** Microsoft SQL Server (MSSQL), PostgreSQL

**Version Control and Tools:** Git, GitHub, Jira, Bitbucket, Azure DevOps

## Certificates

- **AWS Academy Cloud Foundations** - Amazon Web Services (AWS)
- **HCCDA Tech Essentials** - Huawei Cloud
- **Teknoloji Kariyer Workshop** - Techcareer.net
